“ I also worked with Kelly for a number of years at the health unit. Kelly was always one that you could count on for a fun conversation and a laugh. Enjoyed my visits with her whenever I stopped in her office in Beach. A great nurse and someone who we all miss.

“ My deepest and most heartfelt sympathy to you for your loss of Kelly. What an awesome lady she was. She was the first public health nurse that I worked with at Southwestern District Health Unit in the Beach office. She was a great Public Health Nurse and I learned a lot from her. Loved her personality and her wit, she could always make you smile. Her clients loved her and she them. She loved her girls and was so very proud of all of your accomplishments. My thoughts and prayers are with you. We were truly blessed to have had Kelly be a part of our lives.
