“ This is the kind of friend Dale was...He had just taken out a "boot loan" from God only knows which oceanside car dealership, on a 2002 Chrysler Sebring Convertible. He couldn't have owned it for more than 2 months. For all I know it was the first car he had ever bought. He was the first of us to own a car after graduating from Infantry school. It was impressive. He was rightfully proud of himself. I think about what kind of interest rate he must have had on that car. My girlfriend from high school was flying into LA to visit me one weekend. Dale let me borrow that car, no questions asked. All weekend I drove it up and down sunset, top-down, music blasting and thinking about how amazing I was. Hewitt gave me that. I was a Marine, a Hoosier in a Convertible cruising the strip of Los Angeles. My girlfriend was thrilled, we visited, got a hotel, made love, got drunk, and never saw each other again. We'd break up soon after. Dale was there for me then too. That was probably one of the nicest things anyone has ever done for me. I wish I could be there to celebrate Dale's impact on all of us. He was a generous man, with a kind soul, who brought honor to himself. I am a better person because I had Dale in my life. I love you brother, rest easy.

“ As a kid Dale and I were inseparable the best of friends. After we graduated I found out he had joined the marines and he wanted me to join with him unfortunately I had already made a commitment to the Montana Army National Guard so we spent the last of our free time together that summer before I shipped out to my training. We had fun going to the surge pond and heading out to ma and pas bar. After this we lost contact for a few years because of him being on active duty but when he signed up with the National Guard himself we were in the same unit and boy did we have fun. I'll miss you bro but not forget you. Till Valhalla brother I love you.
