“ I really wanted to say something about our dad and Louise, and I think this forum is a nice place to do it.

Dad and Louise have left me with a gift—I have seen their love and dedication to each other, I have seen the love and friendships from Louise's family and the Glendive community, and I know of his life-long friendships with some very special people in the Culbertson area.

Dad's spirit flourished in nature and in his work with horses and animals. He knew many people in the local communities during his work with the telephone company. He certainly faced many challenges, good and bad, throughout his 92 years and rode through them like the cowboy hero I know him to be.

I believe God's timing is perfect, giving us all a time to learn and understand what is important here in this life. We are so grateful for Louise, her family, and all of you special people who gave joy and love to our dad.

*Thank you so much,
Joan Petersen*
