“ *I have known James since we were kids in Colusa. We had a lot of fun in that town. Some mischief too. We talked a few days a week for the past few year, about cars, his gardening, and politics. I will miss those. I'm saddened that he has gone so soon. My prayers are with his family. Kirsten thank you for letting me know your dad passed. God bless you*

“ How does one post a memory of their big brother. An entire lifetime swirls in my head.

As children riding the wheels off our bikes, teens experiencing growing pains and dealing with the fun, happiness, rewards, joys, sorrows, hardships and disappointments that are mixed into adulthood.

I am happy to learn of all your Beach friends. I hope and pray you were happy and content. You have crossed to your eternal life of peace and rest. And just so you know, my heart truly hearts.

Love you brother.

“ I remember Lisa telling us to go see that helicopter and you were just excited. You told me all about how you wired hotels in Las Vegas when we replaced all the lights at the hotel. Thanks for helping with the front doors at the Dollar General and that sign up front. My condolences to your daughter you were so proud of. To your siblings and family

“ From the trip to Yellowstone where you enjoyed the Mag pie birds by Old Faithful. It was fun to watch you with Anastasia Tania Tantra and Dee. You helped wire the Beaver Creek Inn. I think your favorite trip was taking the exchange workers to Rapid City where you were born. I'll try to bring the Memory card to the funeral home to upload these photos. We enjoyed the stories of your love for your daughter Kirsten. The fond memories of your nephew Chris and his son. How much you loved your sister Jennifer. Rest In Peace now.

Would you bring a tomato plant for James' service and then enjoy some tomatoes in his memory. I've got one growing and named it Jimmy.
