“ Thankful for compassion and empathy Marie showed my father during his final illness. She had more enthusiasm and energy and made more plans for the day than anyone I have ever known. I will always be thankful for the opportunity to have known her and call her a friend. Steve Chambers

“ Marie loved birds, trees, rocks and nearly all living things. When her health allowed, she worked very hard, often from sunup to sundown. She was upfront and honest. She had a good sense of humor, and when she was in the mood, she had a good joke or story for every occasion. She had a sharp mind and enjoyed a good conversation. She was unique in many ways, and anyone who really knew her has suffered a loss. You may still have a large circle of friends, but no one like Marie. She was one feisty enigma!

“ We had the pleasure of working with Marie at Western Trails Food where she was an Experience Works trainee. Her quick wit and love of nature and quality food endeared her to the farm to table gang. You knew where she stood on most any subject. She took herself off Experience Works saying she made too much to qualify. What a lovely oasis she made at Bubba Park. Sharp as a tack, this dynamite will be missed here on earth.

“ What a joy to have known Marie these last 10 years or more. There was no one like her; her energy, positiveness, love of life...just her. We had so much fun at my cooking classes,

“ Marie was one of a kind and we have had the pleasure of knowing her since her days in Woodstock , Il. We always had so much fun visiting her in Glendive . What new adventure did she have in store for us ? Carving a totem pole , searching for the perfect boulder to add to her collection , screwing together pieces of trees that somehow ended up as art . She always had a plan and planned to still be in Montana - hopefully living out in a prairie - when she turned 100 . We will miss our dear friend .

“ Marie's wish is now completed. Marie always spoke of her dream to move to Montana and complete her life journey there, we were happy to help her realize that dream. We hope there are cats, rocks and trees in heaven for her to enjoy!! Marie has left many interesting memories. We will miss her... Michael and Kimberly
