“ *I worked more enjoyable trips on the BN with R.E. than I can even count. We always got along extremely well- mainly because we spoke the same language-:)*  
*Even tho I have not seen Rick for many years, I will have more fond memories of our times together than are even countable*

“ I don't know how to express how thankful I was to be by his side so much this year. How much of a void I feel now. How to heal the loss of my Daddy, friend, my life. I know that your pain is gone, and I hope you feel the wind in your face on your presents with me when we went skydiving. Your ring carried your presents with me... We did it together!

“ I have many memories of my friend and fellow DJ / radio personality "Dick Knight" aka Rick Box. I was privileged to be considered his friend, even though I was quite a few years younger. A giant teddy bear that had you back as long as you were honest with him. You are now "in the wind", RIP...
